

## NSCI Welcomes New Preschool Director

We are thrilled to welcome Ellen Grossman as the new Director of NSCI's Gates of Learning Preschool. Ellen began officially on July 1 and is already in the swing of things, teaching Parent-Toddler camp, meeting with teachers, talking with parents and finding her way around the synagogue building.

Ellen comes to us from Beth Tikvah Congregation in Hoffman Estates where she has been the Early Childhood Director for the last three years. Prior to that she taught at the Paul S. and Sylvia Steinberg Preschool at Beth El, Highland Park. Ellen's personal Jewish commitment is shown in her long-time leadership and involvement in her own synagogue.

Ellen was selected after a thorough search. We were impressed by the depth of her educational knowledge and insight, her experience in the classroom and as a director, her understanding of the role and importance of a synagogue preschool, and her confident leadership.

We are excited to welcome Ellen to North Shore Congregation Israel and eager to introduce you to her and her to you. For more information about Gates of Learning Preschool, contact Ellen at 847.835.0724 x637 or [elleng@nsci.org](mailto:elleng@nsci.org).
